Detailed Description

Techniques for Illustrating and

Analyzing College Savings Plans

1. Field of the Invention

The invention relates to machine-executable techniques for performing
financial calculations directed to college saving plans.'

2. Background Art

With...are used, the inputs that may be entered into these programs, and
the outputs that are provided.

Irrespective of the manner in which a given college investment web

site is implemented, existing financial calculation programs do not consider the tax implications of various funding alternatives for the contributor and the child.

These considerations are significant factors in determining which investment plan or plans are best...least one educational institution identifier and, for each of the received identifiers, retrieving the corresponding set of cost parameters from the computer-readable medium. A comparative analysis of a plurality of educational savings plans is generated by applying each retrieved set of cost parameters to each of the educational plan parameter sets. This comparative analysis takes into consideration the tax implications of a plurality of educational savings plans. The results of the comparative analysis are outputted on a display and/or printout so that an investor can determine which of the plurality of educational savings plans best meets his or her...

...about

10 rates of return may be entered and/or estimated; FIG. 30 is a display screen capture that shows the results of the educational savings plan analysis generated by the output mechanism pursuant to a preferred embodiment of the invention; and FIG. 31 is a display screen capture that shows a comparison among a plurality of different educational savings plans, taking into account additional

...plurality of different educational savings plans, taking into account additional

lump sum savings; FIG. 33 is a display screen capture showing the results of the educational savings plan analysis' in the form of a year-by-year table that displays the funds invested in the investor's assets, UGMA plan assets, 529 ...plan assets, and Educational IRA assets; FIG. 34 is a display screen capture that provides explanatory information to the investor about the results of the educational savings plan analysis; FIGs. 35 and 36 together comprise a flowchart setting forth an operational sequence for performing educational savings plan accumulation and withdrawal calculations according to a...

...described herein are intended for use with a computer-readable medium on which are stored a plurality of respective educational institution identifiers and a plurality of educational savings plan parameter sets.

Illustratively, this computer-readable medium is provided in the form of database 101. Each of the educational institution identifiers is associated with a corresponding set of...block 202 (FIG. 3), for each of the educational institution identifiers received at block 200, a corresponding set of cost parameters is retrieved from the computer-readable medium. A comparative analysis of a plurality of educational savings plans is generated by applying each retrieved set of cost parameters to each of the educational savings plan parameter sets (block 203).

This comparative analysis takes into consideration the tax implications of a plurality of educational savings plan . The actual process of applying the retrieved cost parameters to the educational savings plan parameter sets is described in greater detail with reference to blocks...

...and/or periodic, and/or lump sum)

savings needed to fund each of the educational expense goals is calculated, using each of the plurality of college savings plans. After the comparative analysis of blocks 204-211 is complete, the results of the analysis are outputted on a display and/or printout so that an investor can determine which of the plurality of educational savings plans best meets his or her needs (block 213). This comparative analysis may, but need not, be provided in the form of a table or graphical object that shows annual and/or periodic savings breakdowns for each...capital appreciation is 8%, annual turnover is 100%, and dividends are 2%.

FIG. 30 is a display screen capture that shows the results of the educational savings plan analysis generated by the output mechanism pursuant to a preferred embodiment of the invention. The graphical output of FIG. 30 shows annual assets in dollars for each of a plurality...and for a UGMA/ Section 529 Plan combination, the amount is \$12,561.

FIG. 33 is a display screen capture showing the results of the educational savings plan analysis in the form of a year-by-year table that displays the investor's assets, UGMA plan assets, 529 plan assets, and Educational IRA assets...

...a year-by-year basis.

FIG. 34 is a display screen capture that provides explanatory textual information to the investor about the results of the educational savings plan analysis.

FIG. 35 is a flowchart setting forth an operational sequence for performing educational savings plan accumulation and withdrawal calculations according to a preferred embodiment of...

Claim

1 A computerized method for illustrating and analyzing college savings plans, the method for use with a computer-readable medium on which are stored a plurality of educational institution identifiers and a plurality of educational savings plan parameter sets, each of respective educational...

...for each of the educational institution identifiers received in step (a), retrieving the corresponding cost parameter set from the computer-readable medium;

c. generating a comparative analysis of a plurality of educational savings plans by applying each of the retrieved cost parameter sets of step (b) to each of

the plurality of educational savings plan parameters; wherein the comparative analysis takes into account one or more taxation implications for at least one of the educational savings plans.

2 The computerized method of claim 1 wherein at least one of the educational savings plans is a Section 529 Plan developed pursuant to Section 529 of the U.S. Internal Revenue Code.

3 The computerized method of claim 2 wherein the step of generating a comparative analysis further includes comparing each of a plurality of educational savings plans with reference to one or more specific asset allocations.

4 The computerized method of claim 2 wherein the step of generating a comparative analysis further includes applying a Section 529 Plan asset allocation to all assets, so as to provide a comparison based upon tax considerations.

5 A system for illustrating and analyzing college savings plans, the system comprising:

(a) a computer-readable medium on which are stored a plurality of educational institution identifiers and a plurality of educational savings plan parameter sets, each of respective educational...

...the computer-readable medium in response to the input mechanism receiving an educational institution identifier; and
d. a comparative analysis generation mechanism for generating a comparative analysis of a plurality of educational savings plans by applying the retrieved cost parameter set to each of the plurality of educational savings plan parameters;
wherein the comparative analysis takes into account one or more taxation implications for at least one of the educational savings plans.

6 The system of claim 5 wherein at least one of the educational savings plans is a Section 529 Plan developed pursuant to Section 529 of the U.S. Internal Revenue Code.

7 The system of claim 5 wherein the comparative analysis generation mechanism compares each of a plurality of educational savings plans with reference to one or more specific asset allocations.

8 The system of claim 5 wherein the comparative analysis generation mechanism further includes applying a...

STATE-SPONSORED, TAX-ADVANTAGED COLLEGE SAVINGS

PLANS: A STUDY OF THEIR IMPACT ON CONTEMPORARY UNDERSTANDING OF THE
PUBLIC-VERSUS-PRIVATE RESPONSIBILITY TO PAY FOR HIGHER EDUCATION ISSUE

Guided by the question, "Does the growth of prepaid tuition and state-sponsored, tax-advantaged college savings plans indicate a shift in public policy to a greater private (i.e., parent and student) and a reduced public (i.e., taxpayer and government) responsibility...

...of the issues of college affordability, the **public-versus-private responsibility** to pay for higher education debate, and the concept of state-sponsored, tax-advantaged college savings plans was completed. Next, employing finance and investment theory, the types of tax-advantaged college savings plans were identified and defined. Secondly, the origin and growth of tax-advantaged college savings plans was detailed and a national taxonomy of all current plans was constructed. This included a profile of programs in all fifty states and the District...

COLLEGE SAVINGS PLANS OFFER TAX BREAK

QUESTION: With the Rhode Island education fund, RIHEST, if I were to contribute \$10,000 ... would that be considered (a gift) to my daughter?
... feature that was tucked inside a 1997 tax law, you may sidestep the \$10,000 limit under certain conditions.

Congress created this feature specifically for college savings plans. A congressional committee report explained the feature this way:

If you contribute more than \$10,000 in a given year to a college savings plan, you may treat it...

...savings plan on someone's behalf? You could do that, too.

You could contribute up to \$50,000 every five years to a state-sponsored college savings plan on someone's behalf "with no gift tax consequences, assuming no other gifts are made from the donor to the beneficiary in the five-year period," the committee report said.

Mark A. Luscombe...

... recently received wider attention, as more and more states launch their own college savings plans.

Luscombe said the special feature applies to any state-sponsored college savings plan that complies with federal tax rules. This includes Rhode Island and Massachusetts.

Keep in mind, too, that state-sponsored college savings plans have no income limits, as do some other...

Parents Pass Test When Starting to Save for College, But May Need Homework
On New Savings Plan Options
BUSINESS WIRE
August 04, 1998 9:47

(USE FORMAT 7 OR 9 FOR FULLTEXT)

... and younger. However, while many parents who plan to pay for at least some college costs have begun saving (77%), their use and awareness of college-specific savings plans, such as the new tax-deferred 529 state-sponsored plans, is low.

The survey sponsored by Fidelity Investments⁰ revealed that, of those parents who expect to pay for at least some of their children's college costs, sixty-nine percent (69%) are not using a tax-advantaged savings vehicle, such as a state-sponsored savings plan, pre-paid tuition plan, Education IRA, or UGMA/UTMA as part of their college saving strategy.

Parents Unaware of New College Savings Option
The Taxpayer Relief Act of 1997, passed...

... this new option. When surveyed, the vast majority of parents (90%) were either not very or not at all aware of the new state-sponsored college savings plans. However, most parents (83%) reported they felt these plans would help Americans save for college, after they were read a brief description of the new plans' general elements. And, two...

...000 per year, when their children attend college.

If projected to four years of college, these numbers are in line with recent statistics from The College Board and College Savings Plan Network, which estimate that, if current trends continue, the average cost for a child entering college in 18 years may be more than \$85,000 for...

... for parents is: understand the college savings options that are available now, and use the benefits of those plans to help you achieve your future college savings goals while saving on taxes," Mitchell explained.

Survey Method

The Fidelity Investments-sponsored survey was conducted by Richard Day Research. The results are based on a nationwide sample survey of...

New Tax Bill Will Benefit Families Saving for Higher Education
Through State College Savings Programs

DATE: August 6, 1997 19:48 EDT WORD COUNT: 919

New Tax Bill Will Benefit Families Saving for Higher Education
Through State College Savings Programs

, Aug. 6 /PRNewswire/ -- The College Savings Plans Network (CSPN), an affiliate of the National Association of State

Treasurers (NAST), has outlined how the new federal tax bill will impact the state college savings plans. The state plans are pleased that earnings on program savings will remain federally tax-deferred and payable at the student-beneficiary's lower tax rate...

... participants, added incentives for early savings were essentially provided by the new law -- it was just accomplished in a different way.

Several provisions in the tax law favor state college savings plans:
room and board expenses are now considered a qualified cost for use of savings
savings can now be used at eligible proprietary schools as determined...

...of which provide families a fixed or variable rate of return and are not guaranteed to keep pace with tuition inflation.

CSPN offers a comprehensive report on all state college savings plans. A copy of the 1997 Special Report on State College Savings Plans is available by calling 800-800-1910 or through the CSPN web site at www.collegesavings.org.

Abstract: ...can get an equivalent or better package for less money or perhaps the cost of postage? A new form of corporate philanthropy called corporate sponsored software has made such programs a reality. Money and Banking: A Financial Education Program for the 1980s, Project Water Works, and Electronic Navigator all represent this new breed of program. Each addresses a curriculum priority area where supplemental commercial software does not exist, is of inferior quality...

AN ANALYSIS OF FINANCIAL EDUCATION PROGRAMS IN
ENTREPRENEURIAL AND EDUCATIONAL ORGANIZATIONS

This study investigates and analyzes the content, development, and implications of selected financial education programs that currently exist in both entrepreneurial and educational organizations. A primary emphasis is placed on the rationality bases of these programs in order to understand their foundations and implications for practice. A secondary emphasis focuses on the curricular content of these financial education programs with an in-depth analysis of how these programs reflect, recreate, and regenerate belief systems endorsed by leaders in financial education.

To assess current financial education programs, the researcher has analyzed and documented different forms of technology, values, and self-empowerment. This study includes an inquiry into the historical context of financial education through an extensive...

...facilitated understanding rather than explanation alone. Both practical and political agendas are included, because meaning changes could not emerge from neutral or systemic forms of analysis.

The findings of this research have importance for financial education programs in the areas of self-empowerment, avoidance of the colonization of the lifeworlds (Habermas 1984), and the demystification of technical language (Edelman 1977), utilized in...

Qualified state tuition plans: a new generation of college savings plans
Crandall, Rick;
Plating and Surface Finishing v. 87 no1 (Jan. 2000) p. 56-7
DOCUMENT TYPE: Feature Article ISSN: 0360-3164

...ABSTRACT: much money as possible for a college education. These
programs allow individuals to contribute substantial amounts of money

toward higher education expenses and gain significant tax benefits. Also known as Section 529 College Savings Plans, these programs mean that annual contributions of up to \$10,000 per beneficiary can be exempt from federal gift and generation-skipping transfer taxes.

Computerized method for illustrating and analyzing college savings plans, uses a database of education institution cost parameters, savings plan parameters and tax implications to provide comparative analysis of a variety of plans

Original Titles:

Techniques for illustrating and analyzing college savings plans

...

...TECHNIQUES FOR ILLUSTRATING AND ANALYZING COLLEGE SAVINGS PLANS

Alerting Abstract ...variety of educational savings plans. A potential investor at a user system (115,117) can specify an education institution identifier and will subsequently receive a comparative analysis of the savings plans with respect to the educational institution costs, taking into account tax implications of the plans. DESCRIPTION - An INDEPENDENT CLAIM is also included for a system for illustrating and analyzing college savings plans.

...

...USE - For illustrating and analyzing college savings plans, so that an investor can determine which of a plurality of plans best meets his or her needs...

...ADVANTAGE - By providing a comparative analysis of a number of educational savings plans and also tax implications in respect of an educational institution costs, the method enables an investor to select a plan or combination of plans that best suit his...

...DESCRIPTION OF DRAWINGS - The figure is a hardware block diagram illustrating an operational environment for a method of illustrating and analyzing college savings plans.

Original Abstracts:

...illustrating and analyzing educational saving plans by considering the tax implications of these plans. The method is for use with a

computer-readable medium on which are stored a plurality of respective educational institution identifiers and a plurality of educational savings plan parameter sets. Each of the educational institution identifiers is associated with a corresponding set of cost parameters specifying at least one of room, board, and tuition costs for the respective educational institution. Each of the...

...steps of receiving at least one educational institution identifier and, for each of the received identifiers, retrieving the corresponding set of cost parameters from the computer-readable medium. A comparative analysis of a plurality of educational savings plans is generated by applying each retrieved set of cost parameters to each of the educational plan parameter sets. This comparative analysis takes into consideration the tax implications of a plurality of educational savings plan. The results of the comparative analysis are outputted on a display and/or printout so that an investor can determine which of the plurality of educational savings plans best meets his or her needs.

Claims:

We claim: 1. A computerized method for illustrating and analyzing college savings plans, the method for use with a computer-readable medium on which are stored a plurality of educational institution identifiers and a plurality of educational savings plan parameter sets, each of respective educational institution identifiers being associated with a corresponding cost parameter set specifying at least one of room, board, and tuition costs for the respective educational institution; each of the plurality of educational savings plan parameters...

...for each of the educational institution identifiers received in step (a), retrieving the corresponding cost parameter set from the computer-readable medium; c. generating a comparative analysis of a plurality of educational savings plans by applying each of the retrieved cost parameter sets of step (b) to each of the plurality of educational savings plan parameters; wherein the comparative analysis takes into account one or more taxation implications for at least one of the educational savings plans.
